

Single Prime & Balcony Enclosures

Our aluminum single prime windows are an economical way to enclose areas which have existing roofs. Designed for either interior or exterior applications and are available with or without screening. They are the perfect option for garages, garden sheds, offices, cottages, trailers, barns and balcony enclosures.

Storm Windows

- Frame and sash inserts made of heavy gauge aluminum for strength and durability
- 7 standard colours
- Can be made as side slider, vertical hung, fixed panel, door side lites or as multi lites
- 1 1/2" overlap flange or 5/8" blind stop (inset) flange
- All glass inserts are fully weather striped
- Sill expanders are available
